

General Information - Homestead Property Tax Credit (MI-1040CR)

The request for your Social Security number is authorized under USC Section 42. Social Security numbers are used by Treasury to conduct matches against benefit income provided by the Social Security Administration and other sources to verify the accuracy of the home heating and property tax credit claims filed for mandatory federal reporting requirements and to deter fraudulent filings.

Who May Claim a Property Tax Credit

You may claim a property tax credit if all of the following apply:

- Your homestead is located in Michigan
- You were a Michigan resident at least six months of 2019
- You own your Michigan homestead and property taxes were levied in 2019, or you paid rent under a rental contract.

You can have only one **homestead** at a time, and you must be the occupant as well as the owner or renter. Your homestead can be a rented apartment or a mobile home on a lot in a mobile home park. A vacation home or income property is **not** considered your homestead.

Your homestead is in your state of **domicile**. Domicile is the place where you have your permanent home. It is the place to which you plan to return whenever you go away. College students and others whose permanent homes are not in Michigan are **not** Michigan residents. Domicile continues until you establish a new permanent home.

Property tax credit claims may **not** be submitted on behalf of minor children. Filers claimed as a dependent on someone else's return see instructions for line 24 on page 32 to correctly report support received.

You may not claim a property tax credit if your total household resources are over \$60,000. In addition, you may not claim a property tax credit if your taxable value exceeds \$135,000 (excluding vacant farmland classified as agricultural). The computed credit is reduced by 10 percent for every \$1,000 (or part of \$1,000) that total household resources exceed \$51,000. If filing a part-year return, you must annualize total household resources to determine if the income limitation applies. See "Annualizing Total Household Resources" on page 29.

Which Form to File

Most filers should use the MI-1040CR in this booklet. If you are blind and own your homestead, are in the active military, are an eligible veteran, or an eligible veteran's surviving spouse, complete forms MI-1040CR and MI-1040CR-2 (available on Treasury's Web site.) **Use the form that gives you a larger credit.**

If you are blind and rent your homestead, you cannot use the MI-1040CR-2. Claim your credit on the MI-1040CR and check box 5b if you are age 65 or younger. Check boxes 5a and 5b if you are blind and age 65 or older.

When to File

If you are not required to file an MI-1040, you may file your credit claim as soon as you know your 2019 total household resources and property taxes levied in

2019. If you file a Michigan income tax return, your credit claim should be included with your MI-1040 return and filed by April 15, 2020 to be considered timely. To avoid penalty and interest, if you owe tax, postmark your return no later than April 15, 2020. The filing deadline to receive a 2019 property tax credit is April 15, 2024.

Amending Your Credit Claim

File a new claim form and check the Amended Return box at the top of page 1 of the form. **If applicable, include a copy of your property tax statement(s) and/or lease agreement.** You must file within four years of the date set for filing your original income tax return.

Delaying Payment of Your Property Taxes

Senior citizens, disabled people, veterans, surviving spouses of veterans, and farmers may be able to delay paying property taxes. Contact your local or county treasurer for more information.

Total Household Resources

Total household resources are the total income (taxable and nontaxable) of both spouses or of a single person maintaining a household. They are AGI, excluding net business and farm losses, net rent and royalty losses, and any carryover of a net operating loss, plus all income exempt or excluded from AGI. **Total household resources include the following items not listed on the form:**

- Capital gains on the sale of your residence regardless if the gains are exempt from federal income tax
- Compensation for damages to character or for personal injury or sickness
- An inheritance (except an inheritance from your spouse)
- Proceeds of a life insurance policy paid on the death of the insured (except benefits from a policy on your spouse)
- Death benefits paid by or on behalf of an employer
- Minister's housing allowance
- Forgiveness of debt, even if excluded from AGI (e.g., mortgage foreclosure)
- Reimbursement from dependent care and/or medical care spending accounts
- Scholarships, stipends, grants, and payments, except government payments, made directly to third parties such as an educational institution or subsidized housing project.

Total household resources do NOT include:

- Net operating loss deductions taken on your federal return
- Payments received by participants in the foster grandparent or senior companion program
- Energy assistance grants
- Government payments made directly to a third party (e.g., payments to a doctor, GI Bill benefits, payments from a PELL grant).

NOTE: If payment is made from money withheld from your benefit, the payment is part of total household resources. (For example, the MDHHS may pay your rent directly to the landlord.)

- Money received from a government unit to repair or improve your homestead
- Surplus food or food assistance program benefits
- State and city income tax refunds and homestead property tax credits
- Chore service payments (these payments are income to the provider of the service)
- The first \$300 from gambling, bingo, lottery, awards, or prizes
- The first \$300 in gifts of cash or merchandise received, or expenses paid on your behalf (rent, taxes, utilities, food, medical care, etc.) by parents, relatives, or friends
- Amounts deducted from Social Security or Railroad Retirement benefits for Medicare premiums
- Life, health, and accident insurance premiums paid by your employer
- Loan proceeds
- Inheritance from a spouse
- Life insurance benefits from a spouse
- Payments from a long-term care policy made to a nursing home or other care facility
- Most payments from The Step Forward Michigan program.
- Compensation for wrongful imprisonment

Visit www.michigan.gov/taxtotalhouseholdresources for more information on total household resources.

Special Provisions for Farmers

If you received a farmland preservation tax credit in 2019, you must include it in total household resources. You may subtract the business portion of your homestead property tax credit if you included it in taxable farm income. A homestead property tax credit is allowed only if the gross receipts from farming exceed total household resources.

Property Taxes Eligible for Credit

Ad valorem property taxes that were levied on your homestead in 2019, including administrative collection fees up to 1 percent of the taxes, can be claimed no matter when you pay them. You may add to your 2019 taxes the amount of property taxes billed in 2019 from a corrected or supplemental tax bill. You must **deduct** from your 2019 property taxes any refund of property taxes received in 2019 that was a result of a corrected tax bill from a previous year.

Do not include:

- Delinquent property taxes (e.g., 2018 property taxes paid in 2019)
- Penalty and interest on late payments of property tax
- Delinquent water or sewer bills
- Property taxes on cottages or second homes
- Association dues on your property
- Most special assessments for drains, sewers, and roads do not meet specific tests and may not be included. You may include special assessments only if they are levied using a uniform millage rate, are based on taxable value, and are either levied in the entire taxing jurisdiction or they are used to provide police, fire, or advanced life support services and are levied township-wide, except for all or a portion of a village.

NOTE: School operating taxes are generally only levied on the non-homestead portion of the property and may not

be included in taxes levied when computing the property tax credit on any portion of the home not used as your homestead.

Home used for business. If you use part of your home for business, you may claim the property taxes on the living area of your homestead, but **not** the property taxes on the portion used for business. Include a copy of U.S. Form 8829 with your Michigan return.

Owner-occupied duplexes. When both units are equal, you are limited to 50 percent of the tax on both units, after subtracting the school operating taxes from the total taxes billed.

Owner-occupied income property. Apartment building and duplex owners who live in one of the units or single family homeowners who rent a room(s) to a tenant(s) must complete two calculations to figure the tax they can claim and base their credit on the **lower** amount. First, subtract 23 percent of the rent collected from the tax claimed for credit. Second, reduce the tax claimed for credit by the amount of tax claimed as rental expense on your U.S. Form 1040, *Schedule I*. Include a copy of the U.S. *Schedule E* with your Michigan return.

Example: Your home has an upstairs apartment that is rented to a tenant for \$395 per month. Total property taxes on your home are \$2,150. Of this amount, \$858 is claimed as rental expense. The calculations are as follows:

Step 1:

$\$395 \times 12 = \$4,740$ annual rent

$\$4,740 \times 0.23 = \$1,090$ taxes attributable to the apartment

$\$2,150$ total taxes - $\$1,090 = \$1,060$ taxes attributable to owner's homestead

Step 2:

$\$2,150$ total taxes - $\$858$ taxes claimed as a business deduction = $\$1,292$ taxes attributable to homestead

Step 3:

The owner's taxes that can be claimed for credit are \$1,060, the smaller of the two computations.

Farmers. Include farmland taxes in your property tax credit claim if any of the following conditions apply:

- If your gross receipts from farming are greater than your total household resources, you may claim all of your taxes on unoccupied farmland classified as agricultural. Do **not** include taxes on farmland that is not adjacent or contiguous to your home and that you rent or lease to another person.
- If gross receipts from farming are less than your household income and you have lived in your home **more** than ten years, you may claim the taxes on your home and the farmland adjacent and contiguous to your home.
- If gross receipts from farming are less than your household income and you have lived in your home **less** than ten years, you may claim the taxes on your home and five acres of farmland adjacent and contiguous to your home.

You may not claim rent paid for vacant farmland when computing your property tax credit claim. Farmland owned by a business entity may not be claimed for a homestead property tax credit by one of the individual members.

Include any farmland preservation tax credit in your total household resources. Enter the amount of credit you received in 2019 on line 20 or include it in net farm income on line 16.

Homestead property tax credits are not included in total household resources. If you included this amount in your taxable farm income, subtract it from total household resources.

Rent Eligible for Credit

You must be under a lease or rental contract to claim rent for credit. In most cases, 23 percent of rent paid is considered property tax that can be claimed for credit. The following are exceptions:

- If you rent or lease housing subject to a **service charge or fees paid** instead of property taxes, you may claim a credit based upon 10 percent of the gross rent you paid. Enter this amount on line 55 and 10 percent of rent paid on line 56, and follow instructions.
- If your housing is **exempt** from property tax and no service fee is paid, you are not eligible for a credit. **This includes university- or college-owned housing.**
- If **your housing costs are subsidized**, base your claim on the amount you pay. Do not include the federal subsidy amount.
- If you are a **mobile home park resident**, claim the \$3 per month specific tax on line 10, and the balance of rent paid on line 11.
- If you are a **cooperative housing corporation resident member**, claim your share of the property taxes on the building. If you live in a cooperative where residents pay rent on the land under the building, you may also claim 23 percent of that land rent. **NOTE:** Do **not** take 23 percent of your total monthly payment.
- If you are a resident of a **special housing facility** (not noted above), base your claim on rent only. **Do not** include other services. If you pay rent with other services and you are unable to determine the portion that constitutes rent only, you may determine your portion of the property taxes that can be claimed for credit based on square footage, or, divide the taxes by the number of residents for whom the home is licensed to care. This information may be obtained from your housing facility. Visit www.michigan.gov/iit for more information about claimants living in special housing facilities.

Example: You pay \$750 per month for room and board. You occupy 600 square feet of a 62,000 square foot apartment building. The landlord pays \$54,000 in taxes per year.

Step 1: $600/62,000 = 0.0097$

Step 2: $\$54,000 \times 0.0097 = \524 taxes you can claim for credit

Home used for business. If you use part of your apartment or rented home for business, you may claim the rent on the living area of your homestead, but not the rent on the portion used for business.

If You Moved in 2019

Residents who temporarily lived outside Michigan may qualify for a credit if Michigan remained their state of domicile. Personal belongings and furnishings must have remained in the Michigan homestead **and** the homestead must **not** have been rented or sublet during the temporary absence. (See the definitions of resident on page 6 and domicile on page 26.)

If you bought or sold your home or moved during 2019, you must prorate your taxes. Complete MI-1040CR, 28

Part 3, to determine the taxes that can be claimed for credit. Use only the taxes levied in 2019 on each Michigan homestead, then prorate taxes based on days of occupancy. Do **not** include taxes on out-of-state property. Do not include property taxes for property with a taxable value greater than \$135,000. Excluded from this restriction is unoccupied farmland classified as agricultural by your assessor.

Part-Year Residents

If you lived in Michigan at least six months during the year, you may be entitled to a partial credit. If you are a part-year resident, you must include all income received as a Michigan resident in total household resources (line 33). Complete MI-1040CR, Part 3, to determine the taxes eligible to be claimed for credit on your Michigan homestead.

Deceased Claimant's Credit

The estate of a taxpayer who died in 2019 (or 2020 before filing a claim) may be entitled to a credit for 2019. The surviving spouse, other authorized claimant, or personal representative can claim this credit. Use the decedent's name and Social Security number and the personal representative's address. If the taxpayer died after December 31, 2018, enter the date of death in the "Deceased Taxpayer" box on page 3.

The **surviving spouse** is considered married for the year in which the deceased spouse died and may file a joint credit for that year. Enter both names and Social Security numbers on the form, and write "DECD" after the decedent's name. Sign the return and write "filing as surviving spouse" in the deceased's signature line. Enter the date of death in the "Deceased Taxpayer" box on the bottom of page 3. Include the decedent's income in total household resources.

If filing as a **personal representative or claimant** for the refund of a **single** deceased taxpayer, you **must include a U.S. Form 1310 or Michigan Claim for Refund Due a Deceased Taxpayer (MI-1310)**. Enter the decedent's name in the Filer's Name line and the representative's or claimant's name, title and address in the Home Address line. See the "Deceased Taxpayer Chart of Examples" on page 7. A **claimant** must prorate to the date of death as noted in the following paragraph.

The **personal representative or claimant** claiming a credit for a single deceased person or on a jointly filed credit if both filers became deceased during the 2019 tax year, must prorate taxes to the date of death. Complete lines 47 through 51 to prorate the property taxes. Annualize total household resources (see instructions below). Include a copy of the tax bills or lease agreements. If filing as a **personal representative or claimant** of deceased taxpayers for a **jointly** filed return, you **must include a U.S. Form 1310 or Michigan Claim for Refund Due a Deceased Taxpayer (MI-1310)**. Enter the name(s) of the deceased person(s) in the Filer's and/or Spouse's Name lines and the representative's or claimant's name, title, and address in the Home Address line. See "Deceased Taxpayer Chart of Examples" on page 7.

Annualizing Total Household Resources

If you are filing a part-year credit (for a deceased taxpayer or a part-year resident), you must annualize the total household resources to determine if the credit reduction applies. (Exception: the surviving spouse filing a joint claim does not have to annualize the deceased spouse's income.)

- If you have checked a box on line 5 and your annualized total household resources are less than \$6,000 use your annualized total household resources to determine your percentage of taxes not refundable from MI-1040CR Table 2 on page 33.
- A senior, age 65 or older, filing a part-year credit must calculate annualized total household resources before using MI-1040CR Table A on page 33.
- If the annualized income is more than \$51,000 for any claimant, use annualized total household resources to determine the percentage allowable in MI-1040CR Table B on page 33.

To annualize total household resources, which projects what it would have been for a full year:

Step 1: Divide 365 by the number of days the taxpayer was a Michigan resident in 2019.

Step 2: Multiply the answer from step 1 by the taxpayer's total household resources (MI-1040CR, line 33). The result is the annualized total household resources.

Married During 2019

If you married during 2019, combine each spouse's share of taxes or rent for the period of time you or your spouse lived in separate homesteads prior to getting married. Then add this to the prorated taxes or rent for your marital home after your marriage. You are only allowed to claim rent and taxes on homesteads located in Michigan.

Filing a Joint Return and Maintaining Separate Homesteads

Your claim must be based on the tax or rent paid on only one home during a 12 month period. The total household resources must be the combined income of both you and your spouse for the entire year.

Married Filing Separately and Divorced or Separated Claimants Schedule (Form 5049)

This form can be found at www.michigan.gov/taxes. Submit Form 5049 with Form MI-1040CR, MI-1040CR-2 or MI-1040CR-7 if any of the following situations apply to you:

- You filed as married filing separately, and you and your spouse maintained separate homesteads all year. Complete only Part 3 of Form 5049.
- You filed as married filing separately, and you shared a homestead with your spouse all year.
- You filed as married filing separately, and you and your spouse maintained separate homesteads at the end of the year.

Filing Separate State Returns and Maintaining Separate Homesteads

Spouses who file separate Michigan income tax returns and did not share a household during the tax year may each claim a credit. Each credit is based on the individual taxes or rent and individual total household resources for each person. This only applies to homes located in Michigan. They each must complete Form 5049 and provide an explanation in Part 3.

Married Filing Separately and Shared a Homestead

Spouses who file separate Michigan income tax returns but shared a homestead for the entire year are entitled to one property tax credit. The credit claim must be based on the total household resources of both spouses during the time the homestead was shared. A spouse claiming the credit must complete Form 5049 and include the total household resources for both spouses. A spouse filing the credit should also include the other spouse's income on the Other Nontaxable Income line of the Homestead Property Tax Credit Claim. You and your spouse may choose how you want to divide the credit. If each spouse claims a portion of the credit, include a copy of the claim showing each spouse's share of the credit with each income tax return. Enter only your portion of the credit on your MI-1040CR, line 44.

Separated or Divorced in 2019

Figure your credit based on the taxes you paid together before your separation plus the taxes you paid individually after your separation. Complete and include Form 5049 and include a schedule showing your computation. For more information or to help you calculate a prorated share of taxes, see *Michigan Homestead Property Tax Credits for Separated or Divorced Taxpayers* (Form 2105).

Example: Karl and Cathy separated on October 2, 2019. The annual taxes on the home they owned were \$1,860. Cathy continued to live in the home and Karl moved to an apartment on October 2 and paid \$350 per month rent for the rest of the year. Cathy earned \$20,000 and Karl earned \$25,000. They lived together for 274 days.

Step 1: Calculate the prorated total household resources for each spouse for the 274 days they lived together. Divide each spouse's total household resources by 365 days, then multiply that figure by 274.

$$\text{Cathy } (\$20,000/365) \times 274 = \$15,014$$

$$\text{Karl } (\$25,000/365) \times 274 = \$18,767$$

Cathy and Karl must each complete Form 5049 and list income earned during the period they lived together.

Step 2: Add both prorated total household resources together to determine the total for the time they lived together.

$$\$15,014 + \$18,767 = \$33,781$$

Step 3: Divide each individual's prorated share of total household resources by the total from Step 2 to determine the percentage attributable to each.

$$\text{Cathy } \$15,014/\$33,781 = 44\%$$

$$\text{Karl } \$18,767/\$33,781 = 56\%$$

Step 4: Calculate the prorated taxes eligible for credit for the time they lived together. Divide the \$1,860 by 365 days, then multiply by 274 days.

$$(\$1,860/365) \times 274 = \$1,396$$

Step 5: Calculate each individual's share of the prorated taxes. Multiply the \$1,396 by the percentages determined in Step 3.

$$\text{Cathy } \$1,396 \times 44\% = \$614$$

$$\text{Karl } \$1,396 \times 56\% = \$782$$

Enter these amounts on MI-1040CR, line 50, column B.

Cathy uses lines 47 through 50, column A, to compute her share of taxes for the remaining 91 days.

Karl uses lines 52 and 53 to compute his share of rent. Each completes the remaining lines of MI-1040CR according to the form instructions.

Residents of Adult Care Homes Including Assisted Living Facilities

If you are a resident of a nursing home, adult foster care home, or home for the aged; including assisted living facilities, that facility is considered your homestead. If the facility provides an itemized statement that separates rent from other services, base your credit on rent. If the facility does not provide an itemized statement and pays local property taxes (many do not), you may claim your portion of those taxes for credit. Ask the facility manager for your share of the taxes. If you wish to determine your share of the taxes yourself:

- For a licensed facility, divide the amount of property taxes levied in 2019 by the number of residents for which the facility is licensed.
- For an unlicensed facility, divide the square footage the claimant occupies by the square footage of the facility and multiply the result by the total property taxes levied on the facility.

If both you and your spouse live in the facility, add your shares together. If you lived in the facility only part of the year, multiply this amount by the portion of the year you lived at the facility.

Exception: Credit is not allowed if your care facility charges are paid directly to the facility by a government agency.

If you maintain a homestead and your spouse lives in an adult care home, you may file a joint credit claim. Compute your claim using the tax on your homestead and your spouse's rent or share of the facility's property tax.

If you are single and maintain a homestead (that is **not** rented) while living in an adult care home, you may claim either your homestead or your share of the facility's property tax, but not both. Use the one that gives you the larger credit.

Single Adults Sharing a Home

When two or more single adults share a home, each may file a credit claim if each has contracted to pay rent or owns a share of the home. Each adult should file an individual claim based on his or her total household resources and prorated share of taxes or rent paid. Additional information can be found on Treasury's Web site.

Line-by-Line Instructions for *Homestead Property Tax Credit (MI-1040CR)*

Lines not listed are explained on the form.

Line 5a: Age 65 or older. This includes the unremarried surviving spouse of a person who was 65 or older at the time of death. You are considered 65 the day before your 65th birthday.

Line 5b: Deaf, blind, hemiplegic, paraplegic, quadriplegic, or totally and permanently disabled.

- Deaf means the primary way you receive messages is through a sense other than hearing (e.g., lip reading or sign language)

If you file a joint federal return, you must file a joint property tax credit. If you filed married filing separately, you must include the total household resources of both spouses unless you maintained separate homesteads. If you filed your federal return as head of household or qualifying widow(er), file your property tax credit as single.

Line 7: Residency. Check the box that describes your Michigan residency for 2019. If you and your spouse had a different residency status during the year, check a box for each of you. If you checked box c, enter the dates of Michigan residency in 2019.

Property Tax

Line 8: Homestead Status. Check this box if the taxable value of your homestead includes unoccupied farmland classified as agricultural by your assessor.

Line 9: If the taxable value of your homestead is greater than \$135,000, STOP; you are not eligible for the homestead property tax credit. If your taxable value is less than \$135,000, enter the 2019 taxable value from your 2019 property tax statement or assessment notice. If you do not know your taxable value, contact your local assessor. Farmers should include the taxable value of all land that qualifies for this credit (see instructions for farmers on page 27). **Farmers should note that the \$135,000 limit on taxable value does not apply to the taxable value on the portion of their homestead that is attributable to unoccupied farmland classified as agricultural.**

Line 10: Read "Property Taxes Eligible for Credit" on page 27 before you complete this line.

Line 11: Read "Rent Eligible for Credit" on page 28 before you complete this line.

Total Household Resources

Include all taxable and nontaxable income you and your spouse received in 2019. If your family lived in Michigan and one spouse earned wages outside Michigan, include the income earned both in and out-of-state in your total household resources. (See "Total Household Resources," page 26.)

Line 14: Enter all compensation received as an employee. Include strike pay, supplemental unemployment benefits (SUB pay), sick pay, or long-term disability benefits, including income protection insurance, and any other amounts reported to you on Form W-2.

Line 18: Enter all annuity, retirement, pension and individual retirement account (IRA) benefits. This should be the taxable amount shown on your U.S. Form 1099-R. If no taxable amount is shown on your U.S. Form 1099-R, use the amount required to be included in AGI. Enter "0" if all of your distribution is from your contributions made with income previously included in AGI. Include reimbursement payments such as an increase in a pension to pay for Medicare charges. Also include the total amount of any lump sum distribution including amounts reported on your U.S. Form 4972. Do **not** include recoveries of after-tax contributions or amounts rolled over into another plan (amounts rolled over into a Roth IRA must be included to the extent included in AGI).

Then use the **actual** total household resources to compute the credit. See “Annualizing Total Household Resources” on page 29.

Line 52: If you rented a Michigan homestead subject to local property taxes, enter the street number and name, city, landlord’s name and address, number of months rented, rent paid per month, and total rent paid. Do this for each Michigan homestead rented during 2019 and for each time rental amounts changed. If you need more space, include an additional sheet. Do **not** include more than 12 months’ rent.
